Senator Harsdorf Statement on Death of Secretary Kitty Rhoades

“The sudden loss of Secretary Kitty Rhoades saddens me deeply. Kitty was a friend to many, a tenacious servant to her constituents as she served the 30th Assembly District, and her constituencies within the aging, long term care, and disability communities. Her legacy as Secretary of the Department of Health Services will have a long lasting impact on Wisconsin. She was dedicated to serving those in need.”

“Secretary Rhoades will be missed by all of us who knew her and served with her in state government. My deepest sympathy to her family at this difficult time.”
